MEDALLISTS

Society for Endocrinology Medallist 1984
Society for Endocrinology European Medallist 1985

PLENARY LECTURES

Society for Endocrinology Lecture 1984 1
Society for Endocrinology European Lecture 1985 2

SYMPOSIA

Paracrine control of endocrine function 3 - 7
Growth factors 8 - 11
Hormones in athletes, alpinists and astronauts 12 - 15
Recombinant DNA technology applied to endocrinology 16 - 19

ORAL COMMUNICATIONS AND POSTER PRESENTATIONS

Hormonal secretory mechanisms and their control 20 - 31
Adrenal cortex - secretory characteristics and influential factors 32 - 40
Contemporary investigative techniques in endocrinology and their applications 41 - 60
Control and functions of the hypothalamo-hypophysial system 61 - 69
Endocrine diseases - primary and secondary associations 70 - 85
Environmental and chronobiological aspects of endocrinology 86 - 97
Hormone receptors and post-receptor events 98 - 126
Hormones and the reproductive system - control and pathology 127 - 135
Hormonal control of normal and abnormal growth and differentiation 136 - 143
