Frequency of publication
Journal of Endocrinology is published monthly online and in print. There are four volumes per year and three issues form a volume.

Abstracting and Indexing
Indexed/abstracted in: CAB abstracts, Chemical Abstracts, Current Content/Life Sciences, EMBASE/Excerpta Medica, Index Medicus/MEDLINE, Pascal/INIST-CNRS, Science Citation Index, Science Citation Index Expanded, Scopus.

Editorial address and submissions
The journal accepts online submissions only. Guidelines for this can be found via http://joe.endocrinology-journals.org. Editorial correspondence should be addressed to Editor-in-Chief, Journal of Endocrinology, Tel: +44 1454 642220; Fax: +44 1454 642201; Email: joe@endocrinology.org. Instructions to authors appear online and at the back of each print issue.

Subscription rates 2010
Institutions £1045/€1565/$2009 (print and online)
(not for profit) £992/€1481/$1906 (online only)
Corporate £1358/€2035/$2612 (print and online)
£1290/€1925/$2478 (online only)
plus VAT where applicable

All orders, accompanied by payment, should be sent direct to their agent for distribution, Journal of Endocrinology, Portland Press, PO Box 32, Commerce Way, Whitehall Industrial Estate, Colchester CO2 8HP, UK (Tel: +44(0)1206 796351; Fax: +44(0)1206 799331; Email: sales@portlandpress.com).

Claims and communication
All communications or claims regarding issues lost or damaged in transit should be addressed to the distributor (see above for address). No claims can be entertained if they are later than 3 months after despatch.

USA Postmaster
Send address corrections to Journal of Endocrinology, c/o Mercury Airfreight International Ltd, 365 Blair Road, Avenel, New Jersey 07001, USA. Periodicals postage is paid at Rahway, New Jersey and at additional mailing offices.

All despatches outside the UK are sent by air-speeded service.

Advertisements
Advertising enquiries should be sent to: advertising@endocrinology.org. Copy is required 6 weeks before publication date. Rates are available online.

Disclaimer
The papers contained in each issue of the journal have been prepared and written by named authors. Accordingly, neither the Society for Endocrinology nor their officers, employees or agents are responsible for the accuracy or otherwise of any papers and shall have no liability for any claims, damages or losses however arising from the contents of any papers or any use to which they may be put by any person.

Printed on acid-free paper.

Cover
The image depicts expression of estrogen receptor proteins in whole-neonatal mouse ovaries. This is a confocal section of a PND 1 mouse ovary labeled with an ESR2 antibody (green) and propidium iodide to visualize nuclei (red). Original magnification: 630X. This image was published in an article by Chen et al. titled 'Estrogen can signal through multiple pathways to regulate oocyte cyst breakdown and primordial follicle assembly in the neonatal mouse ovary'. The full article can be accessed at http://dx.doi.org/10.1677/JOE-09-0109
