The Society for Endocrinology is one of the world’s leading authorities on hormones. Established in 1946, the Society’s aims are to support the advancement of scientific and clinical knowledge and increase research in endocrinology for the public benefit. It also plays a vital role in promoting and supporting endocrinology worldwide.

The Society for Endocrinology offers a range of journals including Journal of Endocrinology, Journal of Molecular Endocrinology, Endocrine-Related Cancer, Endocrine Connections (open access) and Clinical Endocrinology.

REVIEW

Male pubertal development: are endocrine-disrupting compounds shifting the norms?
William Zawatski & Mary M Lee

RESEARCH

Evidence for increased tissue androgen sensitivity in neurturin knockout mice
Ulla Simanainen, Yan Ru (Ellen) Gao, Reena Desai, Mark Jimenez, Jennifer Spaliviero, Janet R Koist & David J Handelsman

2D-DIGE to identify proteins associated with gestational diabetes in omental adipose tissue
Karen Oliva, Gillian Barker, Gregory E Rice, Mark J Bailey & Martha Lappas

Relaxin induces rapid, transient vasodilation in the microcirculation of hamster skeletal muscle
Jordan M Willcox, Alastair J S Summerlee & Coral L Murrant

HPA axis changes during the initial phase of psychosocial stressor exposure in male mice
Nicole Uirscholz-Schnitt, Daniel Paterlik, Andrea M Fuchs & Stefan O Reber

Analysis of the vascular responses in a murine model of polycystic ovary syndrome

PHYSIOLOGY, METABOLISM AND TRANSLATION

published by bioscientifica
