JOURNAL OF ENDOCRINOLOGY

It is hoped to publish the following papers in a forthcoming issue of the Journal:

CHEIFETZ, P. N., GAFFUD, N. T. & DINGMAN, J. F. The effect of lysine vasopressin and hypothalamic extracts on the rate of corticosterone secretion in rats treated with dexamethasone and pentobarbitone.

BROWN-GRANT, K. The induction of ovulation during pregnancy in the rat.

BROWN-GRANT, K. The effects of progesterone and of pentobarbitone administered at the dioestrous stage on the ovarian cycle of the rat.

BROWN-GRANT, K. The induction of ovulation by ovarian steroids in the adult rat.

MILLER, B. G. The relative potencies of oestradiol, oestradiol and oestrone on the uterus and vagina of the mouse.

KRAJE, P. M., PEARSON, JEAN & WALKER, W. H. C. Binding characteristics of transcortin in human plasma in normal individuals, pregnancy and liver disease.

ALEXANDER, W. R. A quantitative immunological assay for pregnant mare serum gonadotrophin.

ALEXANDER, W. R. The immunological measurement of pregnant mare serum gonadotrophin.

NEVILLE, A. M., ORR, J. C. & ENGEL, L. L. The Δ4-3β-hydroxysteroid dehydrogenase of bovine adrenal microsomes.

STOCKELL, HARTREE, ANNE & CUNNINGHAM, F. J. Purification of chicken pituitary follicle-stimulating hormone and luteinizing hormone.

ORR, A. HILARY & ELSTEIN, M. Luteinizing hormone levels in plasma and urine in women during normal menstrual cycles and in women taking combined contraceptives or chlormadinone acetate.

HERBERT, J. The pineal gland and light-induced oestrus in ferrets.

OSBORN, R. H. & SIMPSON, T. H. The sites of iodine accumulation and the iodoamino acids in the thyroid and plasma of plaice (Pleurogramma platessa L.).

COWIE, A. T., HARTMANN, P. E. & TURVEY, A. The maintenance of lactation in the rabbit after hypophysectomy.

TINDAL, J. S., KNAGGS, G. S. & TURVEY, A. The afferent path of the milk-ejection reflex in the brain of the rabbit.

Short Communication

CARE, A. D., ANDERSON, L. L., COOPER, C. W., OXENREIDER, S. L. & PILLIPPO, M. Effect of hypophysectomy on secretion of porcine thyrocalcitonin in vivo.

BLACKARD, W. G. & HEIDINGSFELDER, SYLVIA A. Effect of ketones on plasma growth hormone concentrations.

SCLAVER, A. B. & GRANT, J. K. Plasma 11-hydroxycorticosteroid concentration in depressive illness.

SCHOFIELD, BRENDA M. Parturition in the rabbit.

LINCOLN, D. W. Response of hypothalamic units to stimulation of the vaginal cervix: specific versus non-specific effects.
ANNOUNCEMENTS

IIIrd CONGRESS EUROPEAN THYROID ASSOCIATION
27–30 MAY 1969
ATHENS, GREECE

For details, please write to the Secretary: Dr C. Beckers, University, Louvain, Cliniques Universitaires St Pierre, 69, Brusselsestraat, Louvain, Belgium.

Non-members will be welcome to attend and submit abstracts; these should reach the Secretary not later than 6 April 1969.

SOCIETY FOR ENDOCRINOLOGY

An International Symposium on Comparative Endocrinology entitled ‘Hormones and the environment’ will be held at the University of Sheffield from 1 to 5 September 1969. Full details will be circulated in due course to members of the Society for Endocrinology; non-members may obtain further information by writing to one of the programme secretaries, either Professor J. G. Phillips, Dept. of Zoology, University of Hull, Hull, or Dr G. K. Benson, Dept. of Veterinary Anatomy, University of Liverpool, P.O. Box 147, Liverpool.
