It is hoped to publish the following papers in a forthcoming issue of the *Journal*:

**Fóldes, J., Takó, J., Bános, C., Gesztesi, E. & Varga, I.** Cause of increased plasma concentration of iodotyrosines in Graves' disease.

**Thoman, Evelyn B., Sproul, Myrna, Seeler, Barbara & Levine, S.** Influence of adrenalectomy in female rats on reproductive processes including effects on the foetus and offspring.

**Przekop, F. & Domanski, E.** Induction of ovulation in sheep by electrical stimulation of hypothalamic regions.

**Bartke, A. & Lloyd, C. W.** The influence of pituitary homografts on the weight of accessory reproductive organs in castrated male mice and rats and on mating behaviour in male mice.

**Bartke, A. & Lloyd, C. W.** Influence of prolactin and pituitary isografts on spermatogenesis in dwarf mice and hypophysectomized rats.

**Eleftheriou, B. E., Desjardins, C. & Pattison, M. L.** Effects of ovariectomy and ovarian hormones on RNA base ratios in specific rabbit brain areas.

**Blazquez, E. & Lopez Quijada, Clemente.** The effect of a high-protein diet on plasma glucose concentration, insulin sensitivity and plasma insulin in rats.

**Meyers, K. P.** Hormonal requirements for the maintenance of oestradiol-induced inhibition of uterine sensitivity in the ovariectomized rat.

**Cleverley, Jacqueline D. & Folley, S. J.** The blood levels of oxytocin during machine milking in cows with some observations on its half-life in the circulation.

**Falconer, I. R. & Marchant, B.** Thyroxine utilization in lambs in natural and controlled environments.

**Martin, B. T., Cooke, B. A. & Black, W. P.** Evaluation of a rapid method for the measurement of plasma progesterone by competitive protein binding.

**Butler, Joan & Gray, C. H.** The metabolism of betamethasone.

**Luukkainen, T., Siegel, A. & Viiko, R.** Neutral steroid sulphates in amniotic fluid.

*Short Communications*

**Schneider, H. P. G. & McCann, S. M.** Luteinizing hormone-releasing factor discharged by dopamine in rats.

**Baylé, J. D., Kraus, M. & Van Tienhoven, A.** The effects of hypophysectomy and testosterone propionate on the testes of Japanese quail, *Coturnix coturnix japonica*.

**Mohi Aldeen, K. A.** The influence of oestrogen and progesterone on the distribution of alkaline phosphatase in the mouse uterine endometrium.
ANNOUNCEMENT

IIIrd INTERNATIONAL SEMINAR ON
REPRODUCTIVE PHYSIOLOGY
AND
SEXUAL ENDOCRINOLOGY

'Basic Actions of Sex Steroids on Target Organs'

BRUSSELS 28–30 MAY 1970

The seminar, which is being held under the auspices of the Jean Snoeck Foundation and the Ford Foundation, will consist of papers by invited speakers, panel discussions and free communications. Further information can be obtained from the Seminar Secretary: Dr F. Leroy, Clinique de Gynécologie et d’Obstétrique, Hôpital Saint-Pierre, 322 rue Haute, Brussels 1, Belgium.
