JOURNAL OF ENDOCRINOLOGY

It is hoped to publish the following papers in a forthcoming issue of the Journal:

Ratter, Sally J., Lowry, P. J., Besser, G. M. & Rees, Lesley H. Chromatographic characterization of adrenocorticotropic hormone in human plasma.

Campbell, C. M., Foster, A., Jalabert, B. & Truscott, B. Identification and quantification of steroids in the serum of rainbow trout during spermatiation and oocyte maturation.

Dix, C. J. & Jordan, V. C. Subcellular effects of monohydroxytamoxifen in the rat uterus: steroid receptors and mitosis.

Downing, Sandra J. & Porter, D. G. Oestrogen-induced myometrial quiescence in the post-partum rat is not mediated by adrenaline or by α- or β-adrenoceptor activation.

Lasnitzki, Ilse & Mizuno, Takeo. Prostatic induction: interaction of epithelium and mesenchyme from normal wild-type mice and androgen-insensitive mice with testicular feminization.

Hyatt, P. J., Wale, L. W., Bell, J. B. G., Tait, J. F. & Tait, S. A. S. Cyclic AMP levels in purified rat adrenal zona fasciculata and reticularis cells and the effect of adrenocorticotropic hormone.

Clarke, I. J. & Findlay, J. K. Catechol oestrogens and gonadotrophin secretion in the ewe: affinity for pituitary oestrogen receptors in vitro and action on gonadotrophin secretion in vivo.

Tsutsui, Kazuyoshi & Ishii, Susumu. Hormonal regulation of follicle-stimulating hormone receptors in the testes of Japanese quail.

Kurl, R. N. & Borthwick, N. M. Clomiphene and tamoxifen action in the rat uterus.

Terranova, P. F. Relationship between the decidual response and ovarian steroidogenesis in the unilaterally ovariecctomized pseudopregnant rat.
