It is hoped to publish the following papers in a forthcoming issue of the Journal:

Myatt, Leslie, Chaudhuri, Gautam, Elder, M. G. & Lim, Louis. Effect of an intra-uterine device on intracellular relationships of the uterine oestrogen receptor, particularly during pregnancy.

Myatt, Leslie, Elder, M. G. & Lim, Louis. Alterations in progesterone receptors in the rat uterus bearing an intra-uterine device during the oestrous cycle and early pregnancy.

Cáceres, A. & Taleisnik, S. Inhibition of secretion of luteinizing hormone induced by electrochemical stimulation of the anterior cingulate cortex mediated by a β-adrenergic mechanism.

Main, S. J. & Setchell, B. P. Responsiveness of the pituitary gland to androgens and of the testis to gonadotrophins following damage to spermatogenesis in rats.

Lee, V. W. K. & de Kretser, D. M. Changes in secretion of luteinizing hormone and follicle-stimulating hormone induced by hypovolaemia in rats.

Fox, J., Bunnett, N. W., Farrar, A. R. & Care, A. D. Stimulation by low phosphorus and low calcium diets of duodenal absorption of phosphate in betamethasone-treated chicks.
ANNOUNCEMENTS

Curt P. Richter Prize in Psychoneuroendocrinology
Through the generosity of the Irish Foundation for Human Development, an Annual Prize has been established for meritorious research in the area of Psychoneuroendocrinology. The sum of $1000 will be awarded annually for the best essay or manuscript (original research or a review article including research) submitted by a scientist or physician under 35 years of age by 1 January of the year of the award. The winning paper must be in a format suitable for publication in Psychoneuroendocrinology, the journal in which the winning paper will be published. The aim of the prize is to encourage younger scientists to contribute to this interdisciplinary field. Manuscripts should be submitted in quadruplicate to: Dr Fleur L. Strand, Secretary, International Society of Psychoneuroendocrinology, Biology Department, New York University, Washington Square, New York 10003, U.S.A. All submissions will be screened by a broad committee of established psychoneuro-endocrinologists. The deadline for submission is 2 January 1981.

Combined Annual Scientific Sessions of the Society for Clinical Trials and Eighth Annual Symposium for Coordinating Clinical Trials
The Combined Annual Scientific Sessions will be held in San Francisco, California on 11–13 May 1981. The Sessions will focus on the design, organization, management and analyses of clinical trials. Abstracts must be received by 1 January 1981. For further information write to: Christian R. Klimt, M.D., Secretary, Society for Clinical Trials, Inc., 600 Wyndhurst Avenue, Baltimore, Maryland 21210, U.S.A.

Satellite Symposium of the Fourteenth Latin American Congress of Physiology
A symposium entitled 'Sexual Function of the Brain' is to be held in Rio de Janeiro on 8–10 April 1981. This symposium is supported by the International Society of Endocrinology. Many distinguished speakers from Europe and America have been invited. There will be a poster session at the meeting for which participants are invited to submit abstracts for consideration. Abstracts of up to 400 words should be sent to the Chairman of the Organizing Committee, Professor W. Ladosky, Departamento di Fisiologia e Farmacologia, Universidade Federal de Pernambuco, 50.000, Recife, Pernambuco, Brasil. The deadline for receipt of abstracts is 31 December and the decision of the Selection Committee will be available on 27 February 1981.
